

**GOERNER**  
GROUP

**WE LOVE**  
  
**WHAT WE DO!**

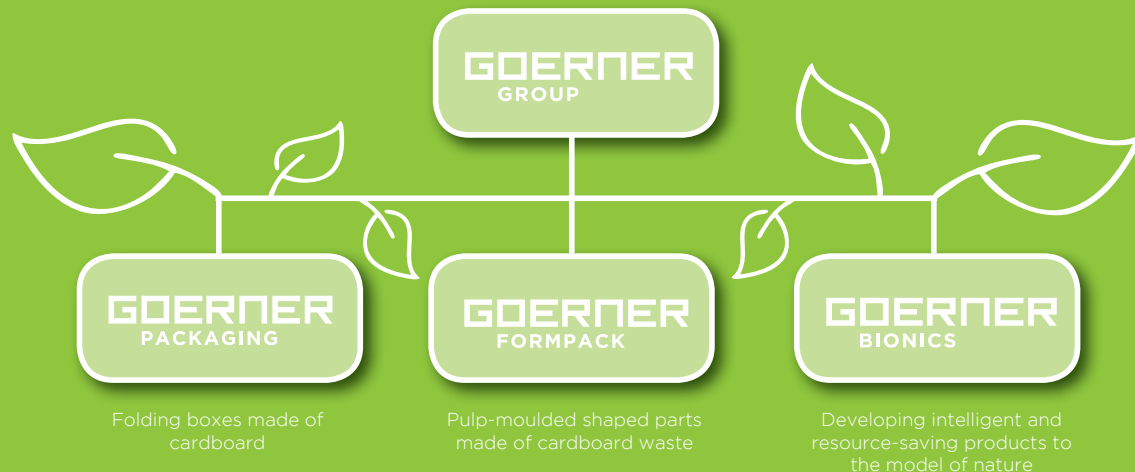

Packaging in the cycle of nature.  
Innovation without limits.

# ONE TEAM. ONE GOAL.

**RECONCILING INNOVATION AND SUSTAINABILITY DRIVES US FORWARD.  
WE ARE PROUD OF THE FACT THAT THIS RESULTS IN PRODUCTS WITH ADDED  
ECOLOGICAL, SOCIAL AND ECONOMIC VALUE.**

Our popular team consists of 130 employees in Austria and Romania. All of them clearly focused on not only identifying trends in the technical industry and food industry but also on shaping them jointly with our customers.

# THINK ECONOMICALLY. OPERATE SUSTAINABLY.

**„What’s thinkable,  
is doable!“**

We see our company as an open concept where we and our partners from industry and research establishments respond to the challenges of the future and develop sustainable solutions.

Elisabeth Goerner    Wilhelm Siller-Goerner

**„KEEP IT SHORT AND SIMPLE!“**

This motto sets us apart. A single contact coordinates and guarantees fast and efficient results in all upstream and downstream processes of a customer relationship.

Certified to ISO 9001:2008, FSC and ISO 22000 (in progress)

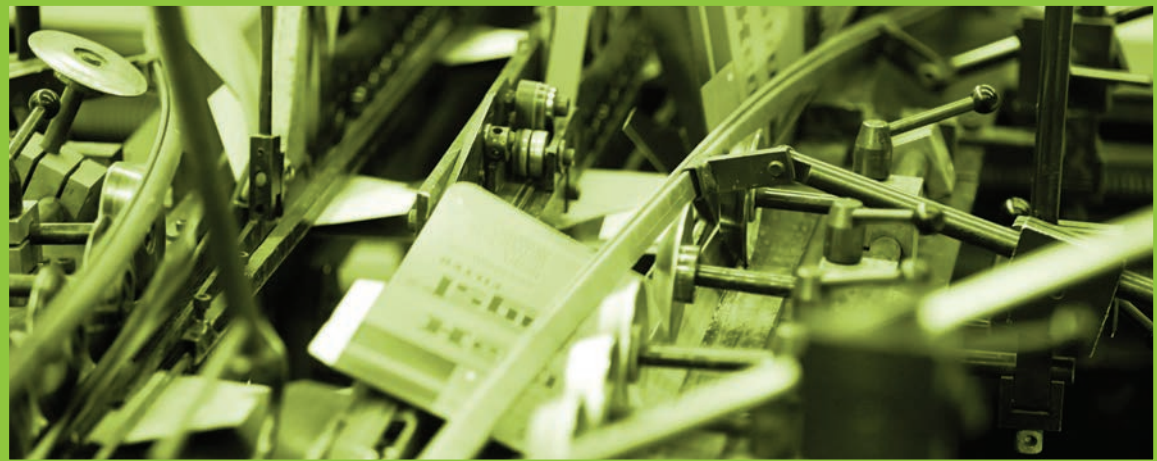

# FOLDING BOXES

**GOERNER**  
PACKAGING

100% FOR DIRECT FOOD CONTACT  
100% RECYCLABLE FOR LIFE CYCLE  
ASSESSMENT

OUR TECHNOLOGIES ARE STATE-OF-THE-ART,  
AUTOMATIC QUALITY CHECKS INCLUDED.

Up to 6-colour printing presses with coatings for food production, and economical 2-colour single-pass perfecting presses for the technical industry. Gluing machines with automatic quality controls such as doctor blade, glue monitoring and code reader.

 **IT WORKS!**

**GOERNER**  
PACKAGING

**TRUST HARD WON**

Our customer relationships are based on many years of collaboration. We stand for cost-efficient processes with consistently high quality, and thus guarantee products with a top price/performance ratio.

# MOULDED PULP PARTS

**GOERNER**  
FORMPACK

**PROTECTIVE PACKAGING MADE FROM RECYCLED CARDBOARD.**

The intelligent challenge to plastic and polystyrene.

## **Inventiveness and experience in toolmaking**

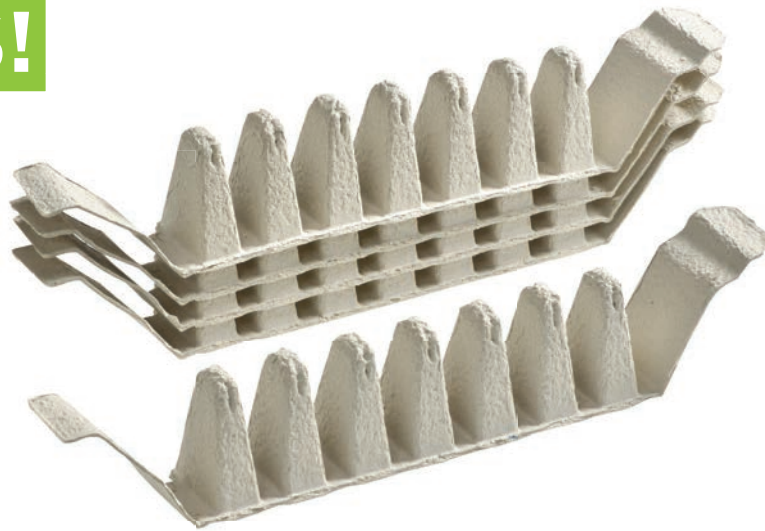

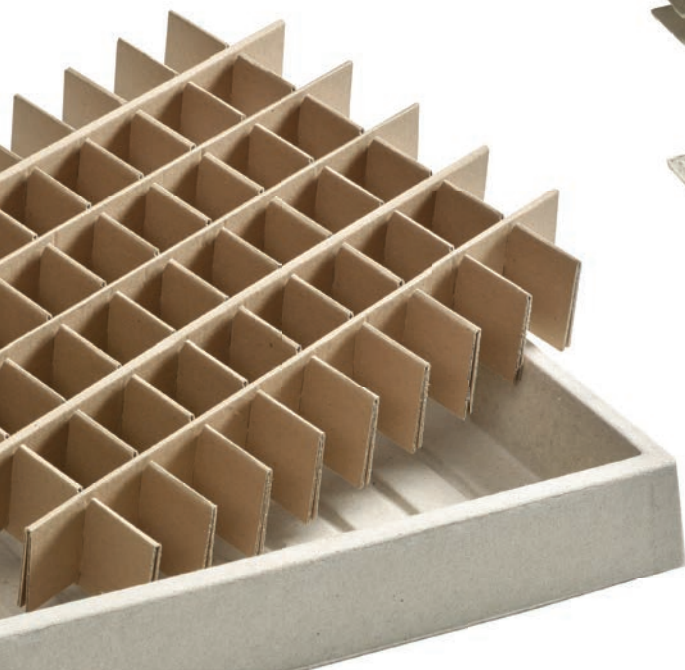

Our highly specialized development team ensures that the individual moulded parts meet the requirements for precision, efficiency, stability and protection.

[www.goerner-group.at](http://www.goerner-group.at)

**IT WORKS!**

**GOERNER**  
FORMPACK

Consumers are increasingly conscious of their responsibility towards the environment. We identified the trend towards recyclable and biodegradable products, made not only of pulp, a long time ago and therefore open up new business areas for our industrial customers.

 **THINK** outside  
the box.

**GOERNER**

### PACKAGING REIMAGINED

Innovation is the encounter with the seemingly impossible.

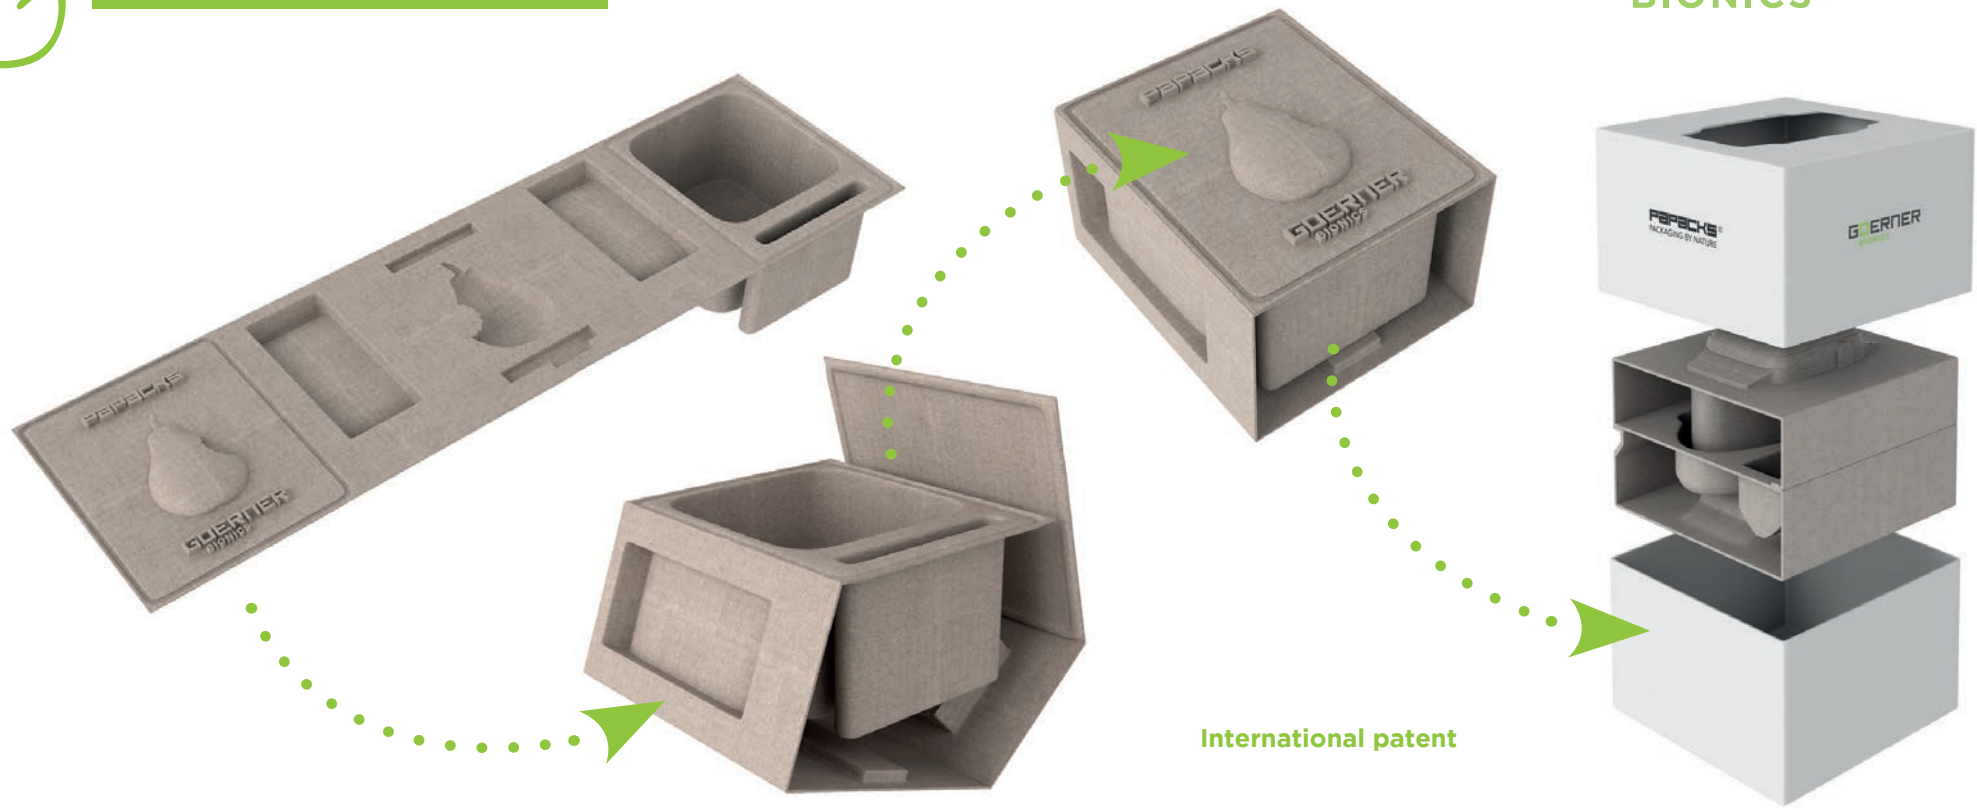

Modern technology copies clever solutions from nature. For this we have created time and space with our “playground for lateral thinkers and free spirits”.

[www.goerner-group.at](http://www.goerner-group.at)

# IT WORKS!

**GOERNER**  
BIONICS

International patent

Our three-dimensional packaging fuses folding boxes and moulded pulp parts to create a revolution in the packaging industry with a unique life cycle assessment. 3D look and feel communicates the shape and quality of the contents. Nominated in the top three for the 2017 GreenTec award, the world's largest environmental and business awards.

# INTELLIGENT packaging needs smart thinkers and open minded CLIENTS.

## RELATIONSHIPS

Customer relationships are lifetime relationships for us. Our ideas and products make a huge contribution to ensuring that customers stay competitive. We are happy to share this responsibility.
